COMMUNICATE YOUR MESSAGE WITH BARRICADE TAPES

Limit access to your restricted areas while communicating your message with Banner Guard® barricade tapes from Reef Industries. Banner Guard® printed barricade tapes are highly visible and designed to be a convenient and cost-effective means to temporarily control and secure identified areas on an immediate basis. Perfect for crime and fire scenes, construction sites, chemical and industrial plants and road work.

Banner Guard® is made from reusable, non-adhesive pigmented polyethylene and is an environmentally friendly, heavy-metal free product available in many grades. These barricade tapes are durable and can be installed by wrapping, tying, stapling, hanging or nailing them many ways without tearing.

Available in four material grades, Banner Guard® conforms to OSHA, ANSI and ISO safety codes. Banner Guard® is available in red or yellow. However, other colors may be available upon request. Most imprints are available for immediate shipment.

Banner Guard® can be custom printed with your company name, logo, phone number, in any language or with any message. Whether your goal is to alert, inform or restrict access, Banner Guard® has the barricade tape to fit your need.
