PROTECTION YOU CAN RELY ON

Reef Industries manufactures Griffolyn® heat shrinkable, tear resistant, high strength reinforced plastic shipping/storage covers ideal to protect machinery and equipment from damage and corrosion. This uniquely constructed UV stabilized material combines the advantages of scrim reinforcement with the properties of shrink film to replace costly crating and heavy tarpaulins. Griff-Shrink™ conforms to virtually any shape or size whereby reducing costs of excess packaging. Griffolyn® heat shrinkable plastic is available in clear with VCI anti-corrosive additive or black/white reversible. Custom sizes and designs are available to meet your requirements. For premium protection, rely on Griff-Shrink™, the worlds only reinforced shrink laminate designed to conform to any shape or size.
