### **HOW IMPORTANT IS THE HEALTH OF YOUR PLANTS?**

Reef Industries, the technological leader of reinforced film laminates, manufactures lightweight, rugged and durable cost-effective solutions ideal for greenhouse applications. Our patented Griffolyn® Greenhouse Covers are manufactured using a UV stabilizing process to help minimize the deteriorating effects of the sun while protecting your investments from unwanted light transmission. Griffolyn® Covers are available in four color choices depending on your protection needs.

Griffolyn® Covers provide extreme tear resistance for durability and strength even in the most extreme temperatures. Griffolyn® Greenhouse Covers also provide exceptional durability in a lightweight material for effective installation.

Griffolyn® Covers can also be custom fabricated to meet your exact specifications. Additional features such as grommets and pipe loops are available to meet your installation needs.

The value and performance of Griffolyn® Greenhouse Covers are unsurpassed in the industry. For more information on how Reef Industries can help you protect your investments, please contact us at 1-800-231-6074 or email us at [ri@reefindustries.com](mailto:ri@reefindustries.com).
